

T9510 Surface Mount Exterior Transformer

An IP66 rated surface-mount 12v weatherproof wire-wound (magnetic) transformer, resin-potted into black polycarbonate boxes. Ideal for mounting on a wall or post hidden behind planting and landscape features, under decking or in outbuildings. Optional T9599 stainless steel mounting spike is also available.

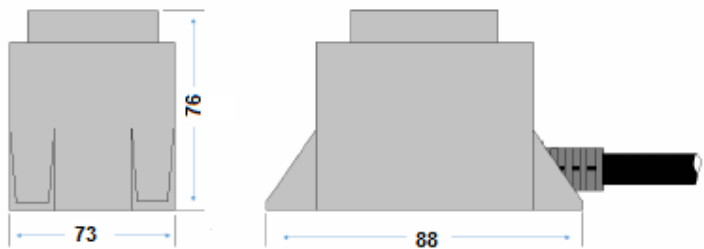

PHYSICAL DATA

- 88mm x 76mm x 73mm.
- IP66.
- Resin potted.

ELECTRICAL DATA

- 240v ac input.
- 12v output.
- 100va.
- No load voltage 12.73v.
- 50% load voltage 12.51v.
- 75% load voltage 12.10v.
- 100% load voltage 11.87v.
- 1m input cable.
- 60cm output cable.

COMPLIANCE & WARRANTY

- 2-Year Warranty.
- CE / RoHS Compliant.
