

P2B12 Aries LED wall light
12v IP65
Black anodised

P2B12 Aries outdoor LED wall light in a gloss black, anodised finish. The conical mirror in the design produces glare free lighting making this light ideal for placement on a terrace or pergola

**PHYSICAL DATA**

- IP65 rated
- 132mm high x 60mm diameter, with 70mm diameter base x 25mm thick
- Die-cast aluminium body with black gloss, anodised finish
- MR16 lamp holder
- Supplied without cable

ELECTRICAL DATA

- 12v – Requires power from a 12v transformer or LED power supply

COMPATIBLE LAMPS (purchase separately)

- MR16

INSTALLATION

Unscrew bezel, remove the circlip and insert lamp into the MR16 holder. Secure the lamp into the body using the circlip. Apply small amount of copper grease to thread and screw the bezel back on to the body of the light. Feed the cable through the seal in the base plate and mark the holes on the surface the light is to be fixed to. Remove the base plate and drill the hole, then feed the cable through the seal and secure the base plate to the wall. Terminate the cable. Place the light over the base plate and secure by tightening up the small grub screws

COMPLIANCE & WARRANTY

- 2 year warranty
- CE / RoHS Compliant
