

LD43512 - Elipta Portsmouth Oval Eyelid Bulkhead - Solid Brass, Nickel Plated Finish

Description

The Portsmouth Bulkhead light is a beautifully made 240v wall mounted light in solid brass with a nickel plated finish. It has an E27 lamp holder for use with E27 golf ball LED filament lamps for a decorative effect. Most E27 candle lamps or GLS lamps are also suitable. We recommend the CGBE27 Golf Ball Lamp because it puts the light source in the middle of the glass.

The ribbed toughened glass diffuser softens and spreads the light; making it ideal for lighting around patios and seating areas or along paths and driveways. The eyelid prevents upward glare for situations where light pollution is a consideration.

Electrical	240v Retro-fit E27 GLS or Golf Ball Lamp
Colour/ Finish	Nickel Plated Solid Brass
Exterior Dimensions	140mm x 290mm

Screw back plate onto wall using fixings supplied. Direct connection to lamp holder through cable gland entry at side of fitting. Seal wall fixing holes with suitable outdoor sealant. We recommend T9990 Outdoor Sealant.

Using a single RCD for large numbers of 240v fittings is not recommended due to the risk of nuisance tripping. We advise the use of separate RCD protection for each circuit and a maximum of 12 fittings per RCD.

5 YEAR WARRANTY

Exclusions: Damage by machinery, animals or the use of incorrect cleaning materials.
Corrosion due to incorrect installation practices.
Responsibility for 3rd party cost; indirect or consequential loss.
