

GLEC5- Plug&Play IP44 Extension Cable 5m

Description

An IP44 rated 5m extension cable, terminated with a two pin male plug at one end and a 2 pin female socket the other.

This cable is two core 0.75 H05RN-F and has IP44 connectors.

A higher IP rating can be achieved by either using the GLWCC IP68 Plug&Play waterproof connector or the GLWJB Plug&Play IP68 Junction Box.

The thickest part of the cable, the screw cap, is 18.5mm in diameter.
