

GLDDS- Plug&Play Dusk To Dawn Sensor

Description

Plug & Play Dusk to Dawn sensor connects between the 12v output from a Plug & Play transformer and lights to automatically switch the lights on at Dusk and off at Dawn. Locate the sensor where it is not covered by foliage so that the change in light levels can easily be detected.

Supplied with 18cm ground spike.

**2 YEAR
WARRANTY**

Exclusions: Damage by machinery, animals or the use of incorrect cleaning materials. Corrosion due to exposure to salt or chlorine. Damage due to incorrect installation practices. Responsibility for 3rd party cost; indirect or consequential loss
