

T9910 Ground Burial 2 Core Low Voltage Cable - 50m - 4mm²

Heavy duty trailing rubber flexible cable. Resistant sheath means it can be used in cold environments.

TECHNICAL SPECIFICATION

- Insulation: Ethylene propylene rubber.
- Outer Sheath: PCP.
- Conductor: Plain annealed flexible copper two core: 4mm².
- Nominal diameter of cable: 13.2mm.
- Net weight: 223Kg / 1000m.
- Net cable weight typically 11.15kg per drum.
- Minimum bend radius: 6 x nominal diameter.
- H07RN-F.
- 50m supplied on drum.

COMPLIANCE & WARRANTY

- 2-Year Warranty.
- CE / RoHS Compliant.
- BS65000.
- BS7919.
