

Elipta E8421L- Waymarker 360 - Copper - 12v

Description

Elipta E8421L is a stylish 12v recessed light with 4 windows providing 360 degree lighting to one side of the top plate. It is useful where you want to cast a corona of light across a path or drive edge while also casting light backwards onto planting or other finishes behind. The light is located by an "O" ring on the body into a sleeve tube so that no external screw fixings are visible. It may also be used as a deck light.

| | |
|----------------------------|---|
| Electrical data | 12v MR16, dimmable with suitable transformer and/or LED. |
| Colour/ Finish | Natural solid copper top with powder coated aluminium body. |
| Exterior Dimensions | Top bezel diameter 88mm. Dome protrudes 20mm. Body 63mm x 90mm. Plastic sleeve 67.5mm x 120mm. |

Installation guidelines

The plastic sleeve is built into the wall during construction or retrofitted into a hole cut with a coring bit: the light pushes into the tube, where it is held firmly in place by an O-ring, leaving a front plate with no visible fixing screws. Recess depth 120mm Waymarkers should not be installed in ground subject to waterlogging.

2 YEAR
WARRANTY

**Powder coated aluminium
body & fitting**
