

E95354S Persius 35 240v IP67 Green recessed uplight Metal halide 35w 36°

Persius recessed adjustable uplight combines a cool top lens, long lamp life and energy efficiency for uplighting trees from lawns or paving. It has a single ended, metal halide lamp that provides a powerful 36° beam angle which can be tilted 20° from vertical. Maintains a typical top lens temperature of under 70°C – so Persius can be used even in walkover areas to uplight trees with an open canopy and branch structure

PHYSICAL DATA

- Green powder coated stainless steel top ring
- Cast aluminium body
- Borosilicate glass lens
- Plastic soil sleeve
- IP67

ELECTRICAL DATA

- 240v AC
- Prewired 1.5m cable and 20mm IP68 gland

COMPATIBLE LAMPS (purchase separately)

- 35w single-ended ceramic type – CDMT35 3000K
- 35w single-ended ceramic type – HQIT35K4 4000K

INSTALLATION

Direct burial in the ground: prewired with rubber cable and 20mm IP68 gland for connection to mains supply via a separate underground joint kit (order T9969 separately). Provide 300mm depth of shingle drainage below the uplight: do not use in waterlogged ground.

Using a single RCD for large numbers of 240v fittings is not recommended due to the risk of nuisance tripping. We advise the use of separate RCD protection for each circuit and a maximum of 12 fittings per RCD

COMPLIANCE & WARRANTY

- 2 year warranty
- CE / RoHS Compliant
